## Officer's Reports

### President's Report

I'd like to give a big "Hello" to our newest members, Mark Senter and his son, David. They

are restoring a '79 TR7, and we are eager to help them get the car back on the road.

The February Meeting will be on the 06 February at Archer's Restaurant located at 2030 East Dorothy Lane in Kettering, Ohio, 45420, in the room right behind the bar. Hope to see you there on Wednesday.

The BCD website for 2019 should be open now and true to form, Vic Snively, TR6, has gotten his foot in the door for Registrant No. 1.

The month of January has flashed by (again). I did not make the January meeting, as I traveled to Houston, TX to help my niece, Lori, work out a garage sale of my late brother Russell's current business supplies. The sale was done on the morning of 5 January, just after the weekly breakfast outing that the Texas club does on every Saturday. About 25 members and spouses came this time, the most I'd ever seen at one of these events.

After breakfast, we drove back to the house. The sale was scheduled to open at 9:35 and we got back at 9:20, and found that Lori had the garage door up and was doing a healthy business with those club members who had left the restaurant early. No matter, she was wheeling and dealing and by 11:00 about half the stuff had gone out the door. By 12:30 we broke for lunch and there already was enough room to get her station wagon back in. There was some heavy equipment in a nearby shed, where Russ had his lathe and bidders were raising the value of the 1500 psi press and the large band saw, by the minute. She did very well on that equipment. Most of the money raised was going into getting the house up to local sales standards. Lori and Jeni have until mid-May to complete that work and the house will sell fairly quickly as it is located in a "no flood" zone for the local area.

Elections are coming up and I'd like to say a word about the awards. The club has four awards.

**Marque of Distinction** is given to the person, who in the last year, has personified the best of what our club stands for, and most nominees have served or are serving as a club officer and

are also active in promoting and serving the club at both internal and external functions. Most recipients are male members, but we have had a surprising number of female members win this award.

The other three awards are for driving participation, not surprising, because most of us like driving our cars, and we like to get out once or twice a month from Spring to Fall. These awards are Most Improved (Car), Keep it On The Road and Press on Regardless.

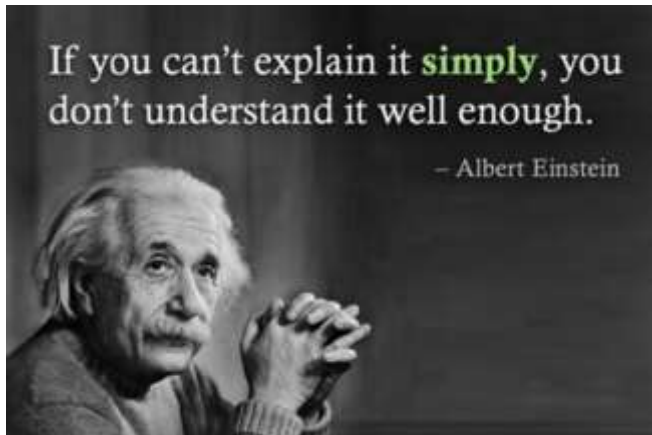

- **Most Improved** goes to the member who, through the year, works to increase the performance and/or the appearance of his car in a measurable or obvious way.
- **Keep It On The Road** goes to the member who has the highest degree of success at bringing his car to the events we have and driving it on the tours and trips the club takes, which might also mean having the car out and running most of the year and not being dissuaded by inclement weather.
- **Press on Regardless** is a reward for sticking with the car through its trials and tribulations when we are traveling thither and yon, and not bailing out for home at the slightest adversity, like a ruptured hose or a sudden loss of all the engine oil. A possible example would have been the club member on the drive from Dayton to Blowing Rock for TRA, and for some reason kept running out of radiator water, at one point completely draining our seven car caravan of every drop of drinking water we had. Turned out he needed a new radiator cap, and when that was obtained ran very well the rest of the trip, Thank you very much!

The reason I wanted to mention all these is to give the newer members some idea about what the awards are about. Except for MoD, they are about the cars, how we treat them and how we drive them.

Looking ahead, we now have a plan for 2019 and need to get a start on 2020. Best regards, Stan Seto

## Events Chair Report

Thanks to those who showed up at Zemore's Wine Bar and Bistro on the 16<sup>th</sup> to put together a baseline Calendar of Events for MVT. It is in this Marque. Several Points:

- This is a baseline, so there will be a lot of changes as the year goes by.
- I have left a lot of events open as to who is hosting. In the past I have hosted a lot of events when other wouldn't. I've stopped doing that – we need more MVT'ers to step forward to do this.
- We can have tech sessions pop up fairly quickly, so watch out for them.

Should be a fun year!

Events Tsar Bruce

## Membership Chair Report

We welcomed a new MVT family membership duo in January. Mark Senter and his son David joined our illustrious group, and we look forward to seeing them at a future monthly meeting. Our MVT roster is now comprised of 46 entries.

## Marque Editor's Report

Not much to report on – got the updated schedule in here as well as the Treasurer's 2019 MVT Budget.

BTW – this request came in from Moss Motors, so if you get a great story it might be a winner!

*I have a special request for British car clubs.*

*I'm working on the summer issue of the Moss Motoring magazine. There are a series of stories in it about the friendships that have developed thanks to these little cars. The stories are wonderful and I am hoping to find a photograph for the cover of the magazine that captures this friendship theme just perfectly. Who better to ask*

for help than the clubs where many of these friendships start?

If it's not too much to ask, could you please ask your members if they have a special photograph they could email to me that displays really well an important friendship in their life? And, of course, there should be a British sports car in the scene, too. The photo needs to have good clarity and high resolution (file size more than 1MB) to work well as the cover. It should also be in portrait orientation. In my mind I'm seeing a scene of two people working on a car, but I can imagine other scenes working equally well.

Please also include a paragraph or two talking about the friendship in the photo. If, when you're writing you can't help but go long, don't worry. I'm sure I'll enjoy the story!

If I'm able to choose your photo for the cover, I will credit your Moss account \$200. And if your friend in the photo is also a Moss customer, I will add \$200 to their account, too! If you want, we can keep this a surprise for them. :)

Deadline for submitting a photo is February 25. Please send photos and stories to [editor@mossmotors.com](mailto:editor@mossmotors.com).

Thank you so much for your help!

Sincerely,

David Stuursma

Moss Motoring editor

Cheers – Bruce

## TRA 2020

After a few months hiatus we have ramped back up the planning efforts for TRA 2020 which MVT will host. The plan is to host it in Lexington, KY – a location that is very good for TRA having good roads, lots of attractions, and TRA has never been there before.

We did a lot of leg work last year before TRA National Committee told us to wait a year. We are going to pick up from where we left off. The middle of this month we are planning a visit to the hotel we would like to use – The Clarion North – to meet with the Lexington Visitor's and Convention Bureau, the hotel sales staff, and visit some more possible events sites. The goal is to get support from the VCB for the TRA 2019 presentation, cement a solid events/tours package and confirm the hotel property was upgraded as they said it was going to be.

Over the next few months we will be putting together the promo materials and presentation for TRA 2019 advertising/build-the-buzz, fleshing out the MVT Committee (I know a lot of you have already said you'd help and this elephant doesn't forget), and baselining the events schedule. The goal is to have it all put together for presentation during TRA 2019.

I am really looking forward to TRA 2020. This is a fresh location for TRA with a lot of things to do in the local area. It is a bit of a drive from here (2 hours), but the structure of a TRA meet is such that you can put these events together and not have to be right there.

Cheers – Bruce

## Technical Corner

MVT Member Pete Stroble is looking for help fixing up a few of the British Transportation Museum's Triumphs – Pete writes "*BTM would be glad to host a Tech Session if a date is available. Got a Spitfire to put the carbs on, replace the gas tank, & clutch master cyl. Or assemble a British Ferguson tractor with same engine as the TR3. Or get our TR7 running. Put together a Herald Coupe. No end to the projects*"

So we will be setting up several dates in 2019 to help them with their cars. Pete also says that for MVT's viewing pleasure, BTM has on-loan a 1980 Dolomite Sprint and a 1975 TR 2500 S Estate compliments of Alan Greenburg.

It's not worthy of a separate technical write-up, but I have got most of the dash in the FrankenStag reworked with remote cameras, lots of nav gear, and tire pressure sensors. I still have to add some sound systems gear, but I think I am mostly done – when the weather breaks I'm going to be working on the suspension, carbs, and the Grey Ghost's trannie.

FrankenStag dash as of late December 2018
