

The Marquette

"All the news that's fit to soak up oil"

The Marquette – October 2027

Intro

Bruce Clough – Marque Editor

Well, I missed an article – John Coutant sent in a Webmaster's Report for October and I missed it, so here it is!

Webmaster's Report

John Coutant

You will notice some changes over the coming weeks to the MVT website. I have started to redo some parts of the website. Things have been static for several years and it was time to go over the site, delete and update material, and make some technical changes.

What you will notice is a gradual change in the overall design to make it a bit brighter and more appealing along with how the menus look and work.

From a technical standpoint, we are now able to collect money with credit cards, Apple and Google Pay, and PayPal through Wix (the company that provides the website tools. The new membership form now works this way and we have had our first new member register with it.

The renewal process is also being updated to use the new payment process integrated with the form.

In the process of updating the website I have noticed that some membership information is out of date so I will be asking people to re-enter this when they renew. Most important is your email address. This is the key identifier for the website and the other online tools we use like Google Groups. It is important to keep this up to date and consistent within Miami Valley Triumphs – from membership to the website and other internet applications
