## **January 2020**

If you have not heard, Beverly Stout passed from this world on December 31<sup>st</sup>. We will miss Beverly's smile, quick wit and the warmth she shared with us. Our condolences go out to Scott and the rest of the Stout family.

**Time to Plan 2020, time to get them little cars out...**

This newsletter will be a little light – sure it will still have officer reports and TRA 2020 information, but it will not have all the events you are used to. Why? Simple – we have to develop them. The start of this will be Tuesday Jan 7<sup>th</sup> at Zemore's in Bellbrook. We will start at a fashionable 6:30PM – those that want dinner need to be there a bit

earlier. Out of this meeting will be the shell of the events list that we will report out on the next night at the Jan 2020 MVT Membership Meeting.

We had a Barth sighting – here he is in the wild and under his own power with Jodi watching carefully – we are hoping he is back up to 100% soon!

## Officer's Reports

### President's Report

This month's meeting will be held on the evening of 08 January, at Archer's. Nominations for President, Secretary and the club awards will be opened in this meeting. The TRA meeting will be on the 16th of January at Zemore's. I would remind everyone that there was an article in the November Marque, describing the awards and possible reasons for nomination.

A ballot to put the club award descriptions in the club operating procedures will be made at the January meeting. Something we should have done years ago. I also keep a list of past winners, and I think John Coutant has the list also, and if he does, it may be on the MVT web site. It's good to keep track.

For the embroidering of garments, Mrs. Andrews has started running samples of the designs, so you and the website will have something to look at when you are ordering. I'm working on a set of instructions for the membership, to be published in the Marque and also for the "Garment" section of the web site. If, however, any of you already have garments that she could be doing work on, here is her contact information: Lori Andrews, 937-367-8893, [lori@boomerangembroidery.com](mailto:lori@boomerangembroidery.com).

She does have a website for her business, Boomerang Embroidery. Her home address is 3008 Birdwood Road, Dayton, 45440, and it is off Wilmington Pike north of the Wilmington Road-I-675 intersection. Her business hours are 9 – 5, Monday to Friday, and call her ahead of going over there so she knows to be home. It's probably a good idea to also call on the day you go as a reminder. She can get garments directly from SanMar, and that (electronic) catalog is available to you if you want to use it. Once we are firmly established with Boomerange, I plan to ask that the "Garment" section be moved to an open part of the website so that other clubs, TTR and Six-Pack for example, can also get garments.

Sparky has returned from vacation to Anderson, South Carolina, home of my daughter and her

husband. Sparky was acting as a surrogate for two dogs lost a couple of years ago. They are trying to decide if they want to get another one, so Sparky was down there to help them make a decision. Not only did he fair well with the daytime nurses they have at the house, he was a big hit at 300 bed care center my daughter helps to run. Not yet mentioned is whether a new dog will enter their household.

We've seen Christmas and the New Year is on the door step. Now is when I send out all those "Happy New Year" cards to those I had not sent Christmas cards, but received a card from them. Only about three this year.

With the start in January, work on the TR3 begins. Speedometer has to be adjusted for sticky rollers on the total odometer, The tens and ones sometimes rolling together, jacking up my total mileage, and the top has to come off and become a template to locate the "lift-the-dots" around the back and the "grabs" along the front of a new top. Also got a Slime Tire Inflator and have to try that out, runs off the battery, but I want to install a 12 volt accessory plug-in in the cab, I have the hardware and just need to figure out the wiring.

Wishing everyone a Happy New Year,

Regards,

Stan S.

## Vice President's Report

### Old Year, New Year

Another year is about to start and it looks to be a busy year for Miami Valley Triumphs. It is good to stop and reflect on 2019 for a bit before looking to the future. Last year was a good one for MVT. Our membership has remained constant with some ups and downs. We have had a number of social events starting with the Spring banquet followed by numerous wine outings, summer picnic, and ending with the Holiday Soirée and Holiday Dinner. There were a number of tours here and there including the annual trip to TRA with only a few chicken awards here and there. Dayton British Car Day was a success for our clubs thanks to all the hard work by everyone.

What's up for 2020? Well a lot of similar activities that we had in 2019 with the exception that we are the host club for TRA 2020. A big honor and a big responsibility. We'll need the support of club members for a number of functions and hope you'll pitch in.

On a personal note I want to thank everyone for their participation over the last year. I've enjoyed so many events and it is the people and their friendship that makes this club so enjoyable and successful. Happy New Year to you and your families.

John Coutant

## Treasurer's Report

Attached is the proposed budget for 2020 which is presented to the membership at the January meeting to be voted in the February meeting. *(I put it towards the end of this month's Marque as a full sheet – Ed)*

This month the club has had income and expenses for the Triumph Register on America National Meet next year in June. As of December 24th, the TRA account had a balance of \$2443.75 and we had no expenses in the MVT account for December. We received 5 registrations in December, total TRA income of \$1231.39, and bringing current registrations total to 13 cars.

I hope everyone has a great Christmas and Very Happy New Year. Respectfully submitted, Harry Mague

### Events Chair Report

Time to start planning again. The only event I have on the 2020 list right now is our TRA 2020 in June, oh, and the Jan 20 MVT meeting on the 8<sup>th</sup>. Oh, and the 2020 Events Planning Meeting on the 7<sup>th</sup>. Well, there is the membership meeting every month... Okay, we have a few.

The January Event planning meeting is going to be 7 January and I'm going to hold it at Zemo's in Bellbrook. Last few years I've tried to hold it before the January Membership meeting and quite frankly it doesn't go too well. Some are there to work the schedule, others are there for dinner and conversation, and we have that long table. Having it a day before will also allow me to prep for the MVT meeting also, so let's meet at Zemo's at 6:30 and go to 7PM.

Besides that – welcome to 2020!

# MVT Events

**December 2019**

**7 - MVT Holiday Soiree and Monthly Meeting**  
(meeting was part of the Holiday Soiree)

**Harry and John discuss meeting ideas while Jay ponders the bags...**

**Patriots!**

We don't have any minutes, yet, but we do have this nice note from the Biglers:

*Fellow MVTers*

*Thanks to all of you who were able to attend the holiday soiree. The food and fellowship were wonderful. Thanks for all the help!!! Happy New Year!!!!!!*

It was a great time had by all – The Relue's won best bag for their tribute to Disco and all went home with something to brighten their lives. That's my story and I am sticking to it.

**Will somebody turn that sweater off, please?**

**Yes Mark, you are loved**

**Harry hides in shame**

**Mr Disco – Saturday Night Fever!**

**14 – Project Yellow Jackson** – December's British Transportation Museum Tech Session on Project Yellow Jacket was a semi-success – from the Crazy Jack himself:

*"The December BTM Tech Session was "fairly" successful. Brian Sullivan, Jeff Barth, Scott Huey, Clyde Collins, and John Clifford all were on hand to attack this month's to-do list. We were able to reinstall the brake calipers on Yellow Jacket, and the new brake lines! Upon removal/inspection of the tie rod end links the ball joints were deemed*

*too pitted to safely be used, and at 14 dollars per end link it makes sense to purchase new ones.*

The next tech session will be in January - look further on here in events to find it!

**Great time at the paragon – burp!**

**15 – MVT Christmas Dinner** – 19 MVT'ers showed up (a new record) for the dinner at the Paragon. Great drinks, great food, great company!

**11 - This month's British Transportation Museum Tech Session** on Project Yellow Jacket

will be at 10 AM, 11 January 2020 (Saturday) at the British Transportation Museum (321 Hopeland Street, Dayton, Ohio 45417). This month's plan consists of finishing up the front brake pad installation, tie rod end links, and MAYBE begin on the removal of the rear axle and gas tank!!!! Bills donuts and Maxwell house coffee provided! I hope to see you there!

## TRA 2020 Update

*By Bruce Clough, TRA 2020 Chair*

**15-19 June 2020, Clarion North Convention Center, Lexington KY**

Just a reminder that MVT is hosting the 2020 meeting of the Triumph Register of America in Lexington KY. This multi-day event will feature car shows, tours, fun runs, workshops, auction, banquet and gobs of other events.

**Focused on TR2-4A models, but it is open to anyone with an interest in Triumphs. A good time is always had by all. We are going to need your help MVT – this is your club putting this on and it is an excellent time! If you need info of any type head to the MVT TRA 2020 web page:**

<https://www.miamivalleytriumphs.org/tra-2020>

**Room registration is now open at the Clarion North Lexington (Make sure you let them know you are in the Triumph Register of America National Meeting block of rooms), and there is a TRA 2020 info flier and registration form attached to the back part of this Marque that has all the contact information you need.**

Those of you that are TRA members should have received your latest TRA Newsletter with registration materials and information enclosed. I should also mention TRA picked up the bill for this – we did not have to spend any funds on those registration materials. Thanks TRA!

No trips to Lexington planned for the near future, look for the next trip in the March/April timeframe and then for the several more to get ready.

We went live with the registration on 20 October, and have received both on-line and mailed-in registrations. Please get your registrations in as soon as you can as well as reserving your rooms at the Clarion. Go here for registration:

<https://www.miamivalleytriumphs.org/tra2020-registration>

Things are continuing to come together well. We will have an update at the January meeting and the next TRA 2020 Committee meeting is 19 Jan at Zemore's in Bellbrook.

## Technical Talk

*Edited by Bruce Clough*

Nobody sent me any technical articles this month so I will lament a bit more on just a couple of photos:

I found out why the manifold was leaking on Carma – the O-Ring went a bit sideways on installation. Got a new o-ring installed but am still waiting for manifold gaskets from the UK

I needed to get Inca's top up in the heated garage, put the top up as far as you can, roll up the windows, and put a space heater in it CAREFULLY ARRANGED so no fires happen. After 15 minutes it was 90F in there and the top attached fine!

## MVT Club Awards

*Stan Seto*

Our club has four awards it can give every year at the Awards Banquet in April. Candidates for these awards are volunteered by other club members starting at the December MVT Meeting, which is normally held at the Holiday Soiree, normally the first or second weekend of the month. Nominations are requested until the March meeting. Then closed, and we ask for a vote in the March meeting.

*So, what are the awards?*

**Marque of Distinction** - Most prestigious in the club, and should go to a person who most personifies the character of the club in the past year. Most nominees have served as club officers and have promoted and served the club at both internal and external events.

**Press on Regardless** – A driving award that is normally given to a person who perseveres through times of trouble during the club driving events or trips to far away places, while representing the club, such as going to attend a National Meet, and always manages to complete the trip.

**Keep it on the Road** – A driving award to the club member who is able to drive his car from January to December, demonstrating good upkeep and the reliability it brings in this day and age.

**Most Improved** – Normal improvements are car performance or car appearance, for example: A club member who has a car that does not run at the beginning of the year, but has it running in club events by mid- or late year due to the work he has invested in the vehicle to obtain the better performance. A club member who has a rather dilapidated car in January and who has put time and money into the necessary area (seat upholstery, engine compartment, trunk, or body work) to materially improve the car's appearance.

When nominations are opened in December, any club member nominating another for one of these awards will also be required to provide a short 25 – 50 word paragraph explaining why he think the nominated individual deserves the award.

All awards will be considered on a case-by-case basis, as there can be all sorts of circumstances in a year.

Shortly, in the future, a ballot to post these awards in the MVT Bylaws will be presented to the club.
